

START DRIVE SAT. FOR MOKENA PARK

SANGMEISTER ELECTRIC SALES CO. TO HOLD
GRAND OPENING SATURDAY. EVERYONE INVITED

The Sangmeister Electric Sales of Frankfort will hold their Grand Opening to celebrate the occupancy of their fine new quarters, Saturday afternoon and evening, April 11. The move into the new quarters was made late in January, but the grand opening has been postponed until this time. The new building is located on the same street—Kansas street—a block farther east than their old quarters, and is the most modern building on the street.

Everybody in this entire area is invited to drop in and get acquainted at this grand opening, preparations for which have been in the making for a long time. There will be free gifts for all visitors, and a number of prizes will be awarded. One of the highlights of the occasion will be a demonstration at the Philco electric range by Miss Brown, a well known and widely experienced Philco home economist, from Chicago. Miss Brown will serve samples of cooking done right there during the grand opening. Also present will be representatives from other electrical appliance companies. The Sunbeam Company will serve coffee and explain the features of their appliances. The Sangmeister Electric Sales deals in all kinds of electrical appliances for the home. To mention a few, electric stov-

es, television and radio sets, refrigerators, deep freezers, electric irons and many other nationally advertised brands of electrical appliances.

In addition to these the company furnishes a service which includes air conditioning and dehumidifying, a service which has never before been available in this area.

Mr. Sangmeister established his electrical business in 1946, and in September, 1952, the new building which now houses his business was started. Through all the years he has been ably assisted by his wife and their son Sgt. George. When he returns from the service, plans are he will become associated with his father in business.

As Mr. Sangmeister is an outstanding example of complete devotion to the welfare of his community, it is fitting that a brief review of his activities in Frankfort be made here. He is a native of Frankfort where he has lived all his life. He is very civic-minded, at all times thinking in terms of the development of his community. He was elected to the village board as trustee in 1932 and the following year was elected mayor, which position he has held ever since. He was president of the Frankfort volunteer fire department for 17 years. However three years ago, because of the press of business and other

matters, he resigned as president of the fire department, and then was made honorary member because of his great interest in the department.

Mr. Sangmeister was instrumental in having the new village hall built in 1940. He was mayor of the village at the time; and he gave much of his time and energy towards getting flasher signals installed on the Michigan Central tracks in Frankfort.

Mr. Sangmeister has an outstanding record of attendance at village board meetings. During all the years he has been a member of the board he has missed but one meeting. He has been president of the Lions club, president of the grade school band, and he served a three year term on the board of St. Peter's Evangelical and Reformed church. Prior to World War I he was a Boy Scout leader, and has taken a leading part in all civic affairs in Frankfort.

He served for eight years as highway maintenance man under the late Governor Henry Horner, and for four years served in a similar capacity under Governor Stevenson, up to February 15 of this year.

The month of April, 1953 will prove a red letter month for the Sangmeisters for still another reason: on April 28 Mr. and Mrs. Sangmeister will celebrate their silver wedding anniversary.

EASTER PARTY
GUEST INJURED
IN AUTO MISHAP

A happy Easter gathering which was held in the Lyman Teague home in Mokena came to an unhappy ending Sunday night when a nephew figured in a serious automobile collision. Guests in their home for the day and for dinner and supper were Mrs. Teague's mother, Mrs. Bada Harling and her brother and family, Mr. and Mrs. LeRoy Harling and family, all of Chicago, and Mr. Teague's sister and family Mr. and Mrs. Paul Stolberg and family, of Bellwood. Their son, Robert Stolberg, 21, who was with the air force at Rantoul, Ill., joined the group. About 8:30 p.m. he left to drive back to Rantoul.

He was driving south on Rt. 45 in Green Garden township about three miles south of the Lincoln Highway, when the accident happened.

The driver of the other car, Robert J. Neubauer, 28, of Chicago, was issued an arrest ticket on a charge of being on the wrong side of the road. Five passengers in Neubauer's car were injured. Two ambulances were soon on the scene and took the injured to Silver Cross hospital.

At the hospital young Stolberg was treated for cuts. Three stitches had to be given for a cut in his leg, and his face and arms were badly lacerated. After emergency treatment at the hospital, Stolberg called his uncle, Mr. Teague, and told him of the accident. This was around midnight. Mr. Teague left at once for the hospital and took the young man to his parents' home in Bellwood. Upon reporting to the air force at Rantoul he was told to report to the army hospital in Chicago, where he underwent further examination and treatment, and is now recovering in the home of his parents. Both cars involved in the accident were a total loss.

Although Robert Stolberg is now only 21 years of age, he has been in the army for one and one half years. He wanted to join the air force and enlist.

Many Children Turn
Out For Mokena's
Easter Egg Hunt

The Easter egg hunt sponsored by the Mokena Lions club which took place last Sunday afternoon at the village park, was a great success. The weather was beautiful and added greatly to the enjoyment of the occasion. About 200 children gathered at the park in plenty of time for the ceremony, which started at three o'clock, and a large number of adults were present to participate in the fun. The egg hunt was for children of pre-school age and through eighth grade.

528 brightly colored eggs had been hidden around the park and on 40 of these eggs the word "Prize" had been inscribed. The finder of such eggs was entitled to a free soda or sundae. In addition, 100 small gifts were distributed to the small children.

Three parakeet eggs of natural color were hidden away somewhere among those which the "bunny" had so carefully concealed. The first lucky youngster to run across a parakeet egg was Roger Swart, who received the grand prize of a live parakeet. The second parakeet egg was found by Jackie Bear by, who was rewarded \$1 for finding it. The third one was not found.

The children who found the most eggs were Milton McClendon of Homewood and Arthur Maue of Tinley Park. Each tallied up a score of 15 Easter eggs.

Bob Olson, chairman, was in charge of the program.

HEDGES TELL
ABOUT THEIR
HAWAIIAN TRIP

Dr. and Mrs. W. V. Hedges of Frankfort, and Attorney and Mrs. Walter Herschbach, of Joliet, returned Friday, March 27 from a most beautiful and delightful trip to the Hawaiian Islands. They were gone a month.

The party flew from here to Los Angeles, and thence to Honolulu. They left Los Angeles at 10:45 a.m. and arrived at Honolulu airport at 6:10 a.m. The trip over this long expanse of blue Pacific ocean was simply marvelous. Dr. Hedges said.

They were elated upon landing in Honolulu to find awaiting their arrival Dr. and Mrs. Ray Hiroshige and Dr. and Mrs. Tetsu Watanabe, both well known in Frankfort, having been associated with Dr. Hedges for a few years. Dr. Watanabe is now connected with a fine new clinic, as an x-ray technician, and is engaged exclusively in x-ray work. Dr. Hiroshige has very fine practice in Honolulu and in one of the city's largest hospitals.

Dr. Hedges made a thorough tour of the hospitals there and found them to be modern in every respect, and splendidly equipped. He spent considerable time making comparisons and taking data.

Both the Hedges and Herschbachs were highly impressed with the reception accorded them, and the genuine hospitality which was in evidence on every hand. They were taken by (Continued on back page)

IN RED CROSS DRIVE
MOKENA OVER QUOTA

Mrs. Dean Rueckert of Mokena, chairman for the Red Cross fund drive in Mokena, has announced that she and her workers collected \$477.50. Their quota was \$450.

Mrs. Rueckert wants to extend her thanks to all the workers who assisted in the drive.

GOAL IS \$15,000; \$30 MINIMUM
TO BE ASKED OF EACH FAMILY

Saturday will be the big day for the Mokena-area park and outdoor sport center when a volunteer task force, made up of members of several groups, will start a drive for funds. The goal has been set at \$15,000, \$8,000 for the beautiful 25-acre track of woods and cleared land, and \$7,000 for drainage and grading to put it into usable shape. The finance committee headed by Dean Rueckert, hopes to collect enough money to make the park available for picnics, Boy Scout camping, Girl Scout day camps and baseball by June 1.

The drive, starting April 11, will be carried on until May 1. A minimum of \$30 will be asked of each family in the area, and organizations as well as individuals are making contributions to insure the success of the project. Arrangements will be made to take pledges for payments over a period of time and for lump sum amounts.

Questions and Answers: Several questions have been received concerning the park project and these will be answered as far as possible by the members of the finance committee.

1. How much is being spent to set up and conduct the drive?

Ans. No funds are being used for this purpose. Information leaflets, pledge and membership cards and poster designs have

been contributed by employees of a Chicago firm, who did the designing and printing free of cost to the finance committee.

2. How can a community of this size support an elaborate recreation program at this time?

Ans. At the present time the purpose is to collect funds only to secure the grounds and for very simple improvements. If this is done the community can continue to add to the usefulness of the park when conditions warrant it.

3. Will the park be under the control and administration of the Civic association?

Ans. No. The present plan of the Civic association is to change their by-laws so that a park board can be formed; this board to be made up of representatives of all the village groups, including church organizations and Scout executives.

4. Will groups of the Mokena area be allowed to use the park for organization picnics and other meetings?

Ans. Yes. Future plans call for the governing board to draw up simple rules to apply to the use of the park by groups and individuals.

Your questions may be sent in to this paper or handed to any member of the finance committee and will be answered as completely as possible.

MOKENA BOARD TO CRACK DOWN
ON RECKLESS YOUNG AUTO DRIVERS

"It might happen here!" This slogan sparked the Mokena village board meeting held Tuesday evening into a protracted discussion of reckless drivers in the village, which was brought tragically to their attention by a recent accident in Manhattan when a little boy lost his life because of it.

Following are the facts in the Manhattan incident:

Don Ingraham, 16, of Manhattan and a passenger in his car, Billie Harris, 14, both of Manhattan, and another car driven by Bobbie Bruggeman, 17 also of Manhattan, were involved in a serious auto accident Sunday. Deputies learned that the boys had been racing earlier in the day, and Ingraham admitted traveling about 50 miles per hour when this tragic accident occurred, at 2 o'clock in the afternoon. The boys had been racing on the streets in Manhattan. While he was traveling at a high rate of speed, Ingraham's car went out of control and hit little Joseph Ritchie, 11, who was playing in his yard nearby, and killed him.

The Bruggeman boy stated he had applied the brakes as he approached a boy riding a bicycle along the road. Young Ingraham, who was close behind Bruggeman, jammed on his brakes to avoid hitting Bruggeman, but lost control of his car. It left the highway and careened into the yard of the Ritchie home, where the little boy was playing. The car then careened into the adjoining yard of the Loucks family, where the Loucks children were playing, then hit a tree and overturned. The Loucks children were badly bruised and cut, and were taken to the hospital for x-rays.

While this did not happen in Mokena, the village board was alarmed because this sort of thing has been going on here for some time. Several of Mokena's youths have been using streets for race tracks, and it was reported that the Tuesday night meeting that these same boys are still racing on Mokena's back streets late at night endangering everybody who may be about, including themselves. There is considerable concern over this for it is realized that if one of these wildly driven cars strikes an obstacle, or some big hole in the road there is likely to be a repetition of what has just happened in Manhattan.

The board came forward with several suggestions as to how to handle this problem, which is becoming increasingly serious and one was to deputize many public spirited citizens to patrol the streets and keep such things under control. It is regrettable that drastic steps such as this must be considered to watch boys who have reached an age where they should be getting some common sense, but such is the case.

The board was very outspoken on this subject of reckless driving in the village, and expressed the belief that the blame does not rest entirely on the youths who are doing this reckless driving, but the principal responsibility rests upon the parents who permit their sons to engage in such dangerous practice. It was pointed out that while many parents feel that Sunday school teachers and church officers should handle

problems of this sort, the first responsibility lies with the parents, and the first steps towards taking corrective measures should be taken by them. The board expressed the hope that the parents of these boys should take immediate action to become necessary to insure more drastic measures to safeguard Mokena's citizens from these reckless drivers, but their patience is exhausted now and unless the dangerous practice is stopped at once, drastic remedial measures will be adopted immediately.

Roy Richardson complained to the board about the village drain which runs on his property and which is causing damage.

James Fassett reported on the revision of the building ordinance, and he advised that this building code remain as it is except for the recommended amendment as was suggested by local contractors. These are: 1. concerning concrete mixes for different parts of buildings, and 2. to revise rules concerning basement walls, weatherproofing of these basement walls and structural steel used in buildings which support and carry its load; joists under partitions, sub flooring and regular flooring. Also the pitch of roofs, and to make it possible for people to install chimneys that will carry off gas and oil fumes.

They also suggested restrictions on residential garages.

The board recommended that this amendment be prepared and sent to Harry Shenk, village attorney, so that he can put it in the form of an ordinance. The board will not remove the section pertaining to the prohibition of pre-fabricated homes.

At a previous meeting it was suggested that the dog nuisance in Mokena might be corrected by using the Joliet dog pound. The matter was taken up with Joliet authorities who stated there is no such pound available there and who suggested that the three villages, Mokena, Frankfort and New Lenox, build their own dog pound to serve all three villages.

The board appointed for judges for the village election April 21, Harold Cooper, John Martin and Gus Werner, and as clerks, Mrs. Celia Walsh, and Mrs. W. H. Pitman.

At the special meeting of the Mokena village board held April 2, the bids on repairing and painting the water tank were tabled until the May 5 regular board meeting. Mr. Shenk, attorney, announced at this meeting that he was withdrawing as village attorney at a \$300 annual salary, but would do the special village work requiring a lawyer on a per diem basis, instead of a regular salary.

His place is being taken by William Kampe, who will represent the Lions. Mr. Kampe and Kenneth Oetter form a committee of two who will arrange for bids for constructing rest rooms at the park. Bids for this work will be opened at their meeting on April 20.

Naps With Lighted
Cigarette; Burned

While Harry Bower of 113th Ct. Orland Park was taking a nap in a chair Sunday, March 29, his lighted cigarette fell in his lap and set his clothing afire and also ignited the chair. He awakened in time to run out doors, but his clothes had practically all burned. A neighbor helped to carry out the burning chair before any other damage was caused. His daughter Mrs. Phil LeFevre drove him to Silver Cross hospital where he is suffering from 2nd and 3rd degree burns.

Readers Viewpoint

To the editor:

In a town the size of Mokena it is important to have men on the village board who will spend the village funds as carefully as they spend their own money. The following names will be printed on the ballots, John Scarth, for mayor; Alvin Sorenson, village clerk; George H. Bills, Charles Burkhardt, Sr. David McMillan and Lyman Teague for trustees. We will vote for them. Why? Because they are men who helped save the village a debt of \$176,000; they were against the recent bond issue.

Because bonds of that kind are free of federal income tax they usually pay only from 1 1/2 to 2 3/4 percent interest, none higher. The men who tried to push that bond issue on us were willing to make us pay the ridiculously high rates of 3 1/2 to 4 1/4 percent on those bonds, a great benefit to the people who had money to invest in them, a terrific burden to us who would have been taxed to pay that very high interest. (On bonds issued to pay for the Mokena grade school addition the interest is 2 1/2 and 2 3/4 percent. Bonds issued to build high school for District 210 are paying not quite 2 3/4 percent on the whole issue.)

Even if there is no write-in campaign made to try to get other candidates in for the village offices we believe that Every Voter should get out and vote at the village election on April 21. In that way we can be sure to get a good board of business men who will work for our interests.

This letter is being sent by a group of taxpayers.

From our first savings account holder in 1911 to a "Landmark for Savings" in 1953... Harvey Federal Savings and Loan has continuously served you and your neighbors.

looking back—1911 to 1953

Harvey Federal Savings was founded in March of 1911—by the end of the year, assets totalled \$3,482.57. Four years later when Harvey, Illinois celebrated its 25th anniversary, there was a total of \$28,409.70 in assets. John Bardwick, Jr., President of Harvey Federal Savings today, joined the Association as the Managing Officer on January 1, 1930. Four years later under Mr. Bardwick's management, Harvey Federal Savings was granted Federal Charter No. 369 and its accounts received FSLIC insurance. By Harvey Federal's 25th anniversary in 1936, \$944,327.66 was held in savings and investment accounts. Thus, through all its 42 years of service, Harvey Federal Savings has continuously grown to meet the needs of the community.

looking ahead—

Today, Harvey Federal Savings has 10,516 savers whose savings accounts total an all-time high of \$7,776,961.02. And these savings and investment accounts are now earning the highest dividends in years. Last year alone, \$144,835.01 was paid out in dividends. As we think of tomorrow, we at Harvey Federal Savings and Loan plan for consistent expansion, always providing friendly financial service through the promotion of thrift and home ownership.

BABSON SAYS—

New York City, April 9.—Readers will be interested in remembering that two weeks ago in this column I stated: "Churchill could be a great factor in bringing the Korean War to an end. Therefore, I still believe that 1953 will see a Korean truce unless one of the satellites kicks over the apple cart."

What a Truce Means
A truce merely means cessa-

tion of fighting to ascertain if terms for peace can be arranged, but chances for peace are, of course, greatly enhanced by an armistice. If peace should come in Korea, what would it mean to the average American? Perhaps the most immediately important effect would be the loss of overtime and other extras which have come to be considered as fixed wages. Some families are already frantic, especially those with teen-age children, who claim they will be "disgraced" if the car, or television, or fur coat is taken away from them. During a truce these people, at least will be cautious about future installment commitments.

Peace in Korea does not mean that our rearmament program will be cut down this year. Already too many families are cutting down on meats, doctors, dentists and other expenditures which the neighbors do not know about. This explains the record decline in the sale of some commodities, due, in part, to a fear of Korean Peace.

Business Cycles

It certainly seems as if some manufacturers of products now sold on shaky installments will sometime be headed for trouble. As these goods are taken back and repossessed, the stores where they were purchased may buy fewer electrical appliances, furniture and fur coats. If so, this may cause manufacturers to reduce their employees and hence cause some unemployment. But it is a mistake to get frightened about this now.

Just as prosperity rolls up like a snowball when employ-

ment is increasing, the snowball quickly melts when unemployment gets under way. We are now in the first stages, with the cutting off of overtime and perhaps one shift. Deflation has already taken the place of inflation. The 53 cent dollar which I advised "buying" during 1952 is already worth more.

Depressions Appear Necessary

I dread going through another period of unemployment, but I really believe that such may someday be necessary to correct the evils of waste, inefficiency and dishonesty which develop during "good times." Unfortunately, we learn only thru adversity.

Furthermore, the sooner such corrections take place, the better off we all should be. Those who now give their best to their employers will be the last to be laid off if ever. The first to be discharged are the lazy clock watchers who, when applying for their jobs, asked: "What's the pay? How many hours? Do get Saturdays off, and what about coffee?"

Better Chances for Youth

Young people claim that they have not the opportunities which their parents had. They talk about the "big corporations" doing all the business and supplying all the jobs, affording little chance to small businesses. I don't admit this to be true. There are more opportunities now than ever before for young men to go into business for themselves if they will work ten hours a day, for six days a week, and save money, the same as I had to do.

Good salesmen are needed now more than ever. Good salesmen backed by good advertising are the life blood of every business. They need no labor unions and are always well paid. They are never found amongst the unemployed. Hence, for their hard work "pounding pavements and ringing door bells" they need not ever fear being caught by installment purchases or any financial difficulties, under any conditions. In view of the news from Korea, these salesmen should now work harder than ever. In short, I believe we may sometime suffer from unemployment, but a Korean Peace need not bring this about. The Free Nations will still be fighting Russia's determination for World Supremacy. Therefore, no one should now get panicky over the prospects for a Korean Peace. We should think of our boys over there and thank God for the hopes of peace.

homes of their neighbors bearing gifts of Easter eggs.

FRANKFORT FIRE DEPT. HAS NEW RULES

The village of Frankfort has drafted a new set of regulations with reference to fire protection for villagers and for serving an area outside of the village. They plan to send notices with complete information to the rural area.

The new regulations, which have been approved by the village board, are published below.

1. No pledge heretofore or hereafter paid shall be transferable; any change in title to the property covered by such pledge, either by sale, inheritance or otherwise, will void the pledge and the new property owner will be required to take out a new pledge if he wishes protection from the fire district.

2. Additional pledges for fire protection will be taken only on property located within the boundaries of the district herein described for the sum of \$28; pledges on property located outside the district will continue to be valid during the life of the pledge; when the pledge on such property outside the district becomes void, new pledges will not be taken on such property outside the district.

3. An individual pledge will cover only one residence, together with the adjacent building or one set of farm buildings including one residence. If more than one residence is located on property owned by the same property owner, additional pledges in the sum of \$28 will be required for each such additional residence.

4. Anyone who has not contracted for fire protection service as above described, shall be entitled thereto only if they request such service on the following terms:

a. If they or any member of the family call for service or cause others to call for service and they agree to pay for such service upon the following terms:

1. \$100 for the call and the first hour of service by the fire equipment of this district, \$25 for each additional hour.

2. Full responsibility for any and all damage to truck or equipment while on such premises.

5. Only those who have made arrangements with the fire department under one of the above plans shall have the right to receive fire protection service. On fire calls from all other persons, services shall be at the discretion of the department.

6. The boundaries of the district which will be served by the Frankfort fire department are as follows: Beginning at the intersection of the Manhattan-Monroe road and the westerly line of Green Garden township, thence east in the Manhattan-Monroe road to the east line of Green Garden township, thence north in the east line of Green Garden township and the east line of Frankfort township to 183rd street, thence west on 183rd street to U. S. highway 45, thence south on U. S. highway 45 to its intersection with U. S. highway 30, thence west in highway U. S. 30 to the west line of Frankfort township and the west line of Green Garden township to the point of beginning.

To Hear Interesting Review at Mokena Book Club Meeting

The Mokena Book club will meet Friday, April 10, in the home of Mrs. Julia Martie. Mrs. Lillian Boleman, who was listed to review a book at this meeting, persuaded Mrs. Richard Sippel to take her place. Mrs. Sippel will review "Whaling Wives", by Emma Mayhew Whiting and Henry Beetle Huff.

This is an interesting story of the life of the whaling wives, taken from logs of the early whaling days. The wives were not too welcome and their lives on the boats were hard, but the book is interesting and amusing.

The contest for the grade schools which the Book Club Library is conducting, has been a great success with the children arriving in droves to get books. This week the fourth grade of both schools is ahead.

Why Mokena Voters Should Vote 'Yes' On Official Ballot

In the school election to be held in Mokena and several other school districts, Saturday, April 11, there will be a special Official Ballot which requires some explanation. This ballot reads as follows for District 159: "Shall the Board of Education of School District No. 159, Will County, Illinois, extend the school term of said school district beyond nine (9) months?"

Voters should vote Yes on this Official Ballot for this reason:

Any school that is not in operation nine months, or its equivalent, 185 days, cannot qualify for State aid. Our schools are in operation now for the nine month period, but if for any unforeseen reason, such as an epidemic or very bad weather, they should close for a time, they may run under the required 185 days, thus losing their claim on State aid. According to the law as it now reads this cannot be made up later.

By voting "Yes" it does not mean that the school term will be any longer than it is at present, but inasmuch as the margin of time is so close and it is so important to be able to qualify for this State aid, it was deemed best to make provision for any possible emergency.

It is urged that everyone vote "Yes" on this Official Ballot.

In District No. 159, Mokena Elmer Cooper, who has been a member of the board for many years, is not running for re-election. The candidates for this election are: Hans Mueller, re-election, and Edwin Yunker. Two are to be elected, and they are to serve for three years.

New Lenox
Candidates running on the school election to be held in New Lenox, District 122 Saturday are, Iona Ruthenbeck and Lyle Beadles.

Frankfort
District 157, village of Frankfort, candidates are Clarence Waldvogel re-election, and Dr. Carl J. Marienfeld.

Mrs. John Macklin Of New Lenox, Dies

Mrs. John C. Macklin, of 50 So. Cedar Road, New Lenox, died Wednesday, April 1, at Silver Cross hospital, following a long illness. She was 69 years of age. Mrs. Macklin has lived in New Lenox for the past five years. She was born in Monmouth, Ill. and came to Joliet in 1929. A son, John, preceded her in death in 1931. She was a member of the Altar and Rosary society of St. Jude's.

She is survived by her husband, John C., of New Lenox, a policeman, a son, Frank, of Joliet, two daughters Mrs. Bernard Wilda (Maria) of New Lenox, Mrs. Norman Beebe (Pauline) of Joliet, and four grandchildren. Also, two brothers, Dolphus Dumas, of Purcell, Okla. and Omar Dumas, of Wadsworth, Kansas.

To Serve 6 Months At Vandalia Farm

Warren B. Coler, of Battle Creek, Mich., formerly of Mokena, and Thomas Harris, of Lockport, were moved from the Will County jail to the state penal farm at Vandalia to begin serving six-month sentences. Coler had been arrested several weeks ago on a fraudulent check charge, which later was changed to vagrancy. The charge against Harris was also vagrancy.

Village Players of Mokena to Meet

The Mokena Village Players will meet Tuesday evening at 8:00 o'clock in the home of Mr. and Mrs. Leo Marcoux. Mr. Marcoux, the president of the Players, appointed a planning committee with Mrs. Herta Hamilton as the chairman to arrange programs for each meeting and to decide on the next plays. At the meeting Tuesday, Mrs. Lois Loebe, director of the New Lenox Players, will meet with the Mokena Players. Mrs. Loebe, who has had theatrical experience and training with the Goodman Theater and the Chicago Musical College, will

give a talk and a Question and Answer program.

The planning committee has arranged to have a one-act play at the May meeting and other instructive and interesting programs for every meeting. The next production of the Players will be in October.

HOMER HAS HOT ELECTION

There was a hotly contested election in Homer township Tuesday when two parties, the Town Party and The People's Party worked hard to win the election.

Following are the results:
TOWN PARTY: Supervisor, Barney N. Welter 431; Clarence J. Wies, Town clerk 402; Marian C. Ziesemer, tax collector, 500; justices of the peace, Frank Kolar, 433 and John G. Dixon 382, both were elected; Earle P. Olsen, trustee of schools, 392 and Robert H. Shepherd, constable, 450.

Farm Bureau to Meet April 16

Because of many requests made during the past several months for information telling where the Farm Bureau stands and what its position is on legislative bills on both the state and national levels, a county meeting where Will County Farm Bureau members and their families may attend has been arranged for Thursday night, April 16, according to Carl Hempill, president of the Farm Bureau. It will be held in the Sportsman's hall in Manhattan, starting at 8 o'clock.

At a series of Farm Bureau Training Schools held during the month of January, many of the men who attended said they would like one meeting devoted entirely to legislation.

John Cox, secretary of general services of the Illinois Agricultural association, will discuss both state and national legislation affecting agriculture.

Tonight Marks 3-Night Run of "Ladies In Retirement" Play

The "Ladies in Retirement" play will be held tonight April 9, at Haven grade school, New Lenox, starting at 8 o'clock. Weeks of preparation have been put into this production.

Rehearsals have progressed around paint cans, under ladders in glare and darkness. Sister Theresa has found an umbrella to carry instead of the screw driver she has been using to practice with. Emily Creed has a found a gluepot and Louisa has her sea-telescope beautifully polished. They have pressed their costumes, done their hair in rag curlers, and now await the audience.

The play will be given Thursday, Friday and Saturday, April 10 and 11. Tickets will be available at the door.

The best time to select truly unusual Christmas gifts and greetings is during your vacation travels. Now that many of us have started planning our summer trips, here are some ideas you might like to consider.

Every region of our country is noted for some distinctive handicraft. In the southern highlands, for instance, you'll find exquisite hand-loomed ties, scarves and aprons. Or hand-carved wooden sculptures and table accessories.

The southwest's Indian reservations offer unique silver jewelry, baskets and leather goods. From Maine to California, you can find distinctive regional canned delicacies, packaged to symbolize the state. I've seen early American wooden buckets filled with New England's edible delights and a huge Texas boot filled with Mexican-type table treats that would be welcome anywhere.

Items like these are not only generally unavailable in your hometown, but cost much more when purchased far from their origins. The most novel Christmas "card" I receive each year is a mimeographed travelogue from a family. It recounts their experiences for the entire year, highlighting all the places they visited. Even gossip about mutual friends met on the way, is included. It's a unique and personal family adventure story.

Why not get a headstart on the Christmas spirit during the summer—especially since it actually costs less that way!

Pure Milk Association Annual Meeting in Chicago March 28th

Paul C. Johnson, editor of Prairie Farmer, will be the speaker at the 28th Annual Meeting of The Pure Milk Association which will be held at the Hotel Sherman, Chicago, on Saturday, March 28th.

Paul C. Johnson was reared on a Minnesota dairy farm and was newspaper editor in Minnesota for 10 years. He was serving as editor of the Worthington, Minnesota, Daily Globe in 1940 when he moved to the University of Minnesota to take charge of publications, radio, visual aids and agricultural journalism in the University's Department of Agriculture. He went to Illinois to be editor of Prairie Farmer in 1947.

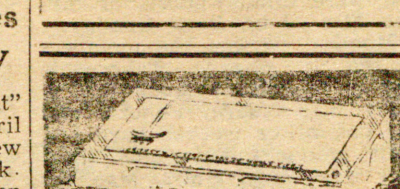

In his appearance before The Pure Milk Association members, Editor Johnson will analyze some of the tough problems that face the dairymen of today. He believes that dairy people must attack their job from every possible angle. They should push for greater consumption.
